ADDENDA

ADDENDUM NUMBER 01

DATE: 12-14-2023

PROJECT: Hamilton CCMG 2023-02 Road Projects

PROJECT NUMBER: 23-0415

OWNER: Town of Hamilton

Engineer: Abonmarche  
229 W. Berry St  
Fort Wayne, IN 46802

TO: Prospective Bidders

This Addendum forms a part of the Contract Documents and modifies the Bidding Documents dated November 11, 2023, Addendum Number [1] issued December 14, 2023, with amendments and additions noted below.

Acknowledge receipt of this Addendum in the space provided in the Bid Form. Failure to do so may disqualify the Bidder.

This Addendum consists of [ 3 ] pages and the following Drawings:

Plan sheets 3, 5, 6, 7, 8, 9, 10, 11, 12, 14 and 15 have been modified to clarify the work required for the project. These changes are noted with a cloud on each plan sheet.

The project specifications have been changed to reflect the following information:

**CHANGES TO PROJECT MANUAL**

**1. MODIFIED SPECIFICATION**

00 41 43 - 2 Article 4 Time of Completion

Article 4.02 Substantial completion date is 184 days after NTP.

Final completion date is 214 days after NTP.

2. Bid Bond – Bid due date is December 19, 2023.

3. Contract Agreement – 00 52 13 Section 1.01 B – Construction to be completed by October 31, 2024.

4. Contract Agreement – 00 52 13 Section 4.03 Contract times 184 days after the date when the Contract Times commence and 214 days after the date when the Contract Times commence.
5. Section 00 55 00 Notice To Proceed – The contract will commence to run on April 1, 2024. Substantial Completion will be 184 days from NTP and Final Completion will be 214 days from NTP.
6. Section 03000 Technical Specifications – Section 2 Maintenance of Traffic  
  
Section 2.08 CR 300E will require a full closure with a detour for the full width and depth reconstruction of a section of CR 300E from approximate Sta. 53+74 to approximate Sta. 55+17. The closure and detour shall be a maximum of 14 calendar days. The Contractor will be charged by the Town two hundred fifty (\$250) dollars per day beyond the allotted 14 calendar days.
7. Section 03000 Technical Specifications – Change Section 4 title to Surface Preparation
  - 4.01 Description – Furnish labor, materials, and equipment necessary for the preparation of the subgrade for paving.
  - 4.02 Specifications – This work will be completed in accordance with 2022 INDOT Standard Specifications Section 207 and 105. 03.
  - 4.03 Measurement and Payment – Measurement and payment will be by square yards for the work performed.
8. Section 03000 Technical Specifications Section 8 INDOT Compacted Aggregate #53  
  
Add Section 8.08 Specifications – Local sourced aggregates may be used with approval of the Town of Hamilton and the Engineer.
9. New itemized bid forms have been provided for each road within the project and are attached to this addendum.

## QUESTIONS AND ANSWERS

- 1. How will the milling cut depth be identified for Lane 210 and 221 B?**  
Milling for Lane 210 and 221 B has been changed to variable depth and labeled M6 on the plans. The contractor will be responsible for building the road profile as shown on the plans.
- 2. Will a common excavation item be added?**  
No.
- 3. How will the subgrade be prepared on Lne 210?**  
An item for subgrade preparation has been added to the project.
- 4. Can local #53 stone be used for this project?**  
Yes, with approval of the source by the owner.
- 5. Where is the 12” pipe located on CR 300?**  
This item has been removed from the project.

**6. Is the aggregate on Lane 221 B placed on top of the existing surface?**

**No. The existing asphalt is to be milled off prior to the new base being added. The depth is unknown so we will remove 4-inches and place the aggregate on the profiled surface area.**

**7. Is CR 300 limited to a 14-day closure?**

**The closure for CR 300 is changed to 30 calendar days.**

**8. Citizen and Emergency access shall be maintained during the duration of construction.**
